Interesting Feature

What we are about!

- * A reputation for academic excellence.
- * A competitive athletic program including a wide array of sports such as football, hockey, curling, and ultimate frisbee.
- * A variety of excellent arts programs including Music, Drama, and Visual Arts. (concert and stage bands, vocal music and strings, theatrical productions, photography and videography)
- * Many leadership opportunities for students in Grades 9 to 12 headed by an active Student Council.
- * Over 60 co-curricular teams and clubs such as Free the Children, Audio-Visual club, and Prefect Council.

"Semper Ad Meliora" means Always Towards the Better.

Etobicoke Collegiate Institute (ECI) was founded in 1928 on the principles of high academic standards. As a full service secondary school we strive to reach the needs of individual students to prepare them for post-secondary success. If you are motivated to excel in both your academic and personal achievements then our school community is for you! Renowned for our strong leadership programs, incoming students may choose to be part of our Leadership Development stream. As a moderately sized school of 1000 students, we are able to offer our students a wide array of courses, opportunities and activities both inside and outside the classroom. Check out our school website to get a more personal look at who we are.

Student Leadership Pathway

Leadership development is a key feature of ECI. Take part in exciting leadership opportunities at every grade level. Grade 9's can apply to our LoFT - Leaders of Tomorrow program and start to develop the skills, experiences and a portfolio in order to become school leaders in their senior years of high school. They will make new friends and learn what it is like to be part of a dynamic, supportive high school. Grade 10 students participate in an overnight camp experience for a week of skill development and friendship building with student leaders from Grades 11 & 12 - an experience not to be missed!

More Information about Etobicoke Collegiate Institute

Academic Success

Etobicoke Collegiate has a history of Academic Success. We prepare our students for the rigors of post-secondary education, and develop independent, critical thinkers. Many of our grade 12 students are University bound and graduating as Ontario Scholars.

We also offer Co-operative education to enhance learning and experience.

Robotics & Technology

We offer many courses in the technology department. Many of our students have a keen interest in this growing field and have chosen to continue on after they have graduated. Apart from the construction including electrical and plumbing and auto courses, we also have robotics, manufacturing and technological design classes.

Cooperative Education

We have a dynamic and thriving cooperative education program where students at the grade 10, 11 and 12 levels are given the opportunity to obtain two, three or four credits a year by working in their community. This is an excellent chance to experience their career of interest and see if it is really an area that they want to pursue.

Arts Program

Music, Art and Drama are a big part of ECI's curricular and extra-curricular program. Strings, instrumental and vocal courses are offered from grades 9 to 12. . Photography, animation and visual arts opportunities are available at all levels and develop creative initiatives.

Additional Features

- Sports and Athletics
- Student Leadership
- All Academic Levels available
- Involved Parent Community

Student Life - Where You Belong

There is something for every student at ECI. Whether you're an athlete, an scholar or still figuring yourself out, finding a place to fit in is easy - just listen to the announcements and show up!

If you like winning, then our sports teams are the place to be! Our teams have won championships in the following sports: Jr. Girls Volleyball, Cross Country, Jr. & Sr. Girls Basketball, Girls Soccer, Track & Field, Girls' Softball, Swimming, Golf, Girls Hockey, Ultimate Frisbee, and Boys Curling.

You can also find something to interest you among our many clubs which include: chess, debating, model parliament, environment, multicultural, math, etc. If you want to start up a club, that is easy. All you need is a great vision and a staff advisor to mentor you.

What Sets Us Apart

It is important to note that our yearbook won the prizes for best graphics and best overall against 100 other schools in the Greater Toronto Area.

We also enter many math and science competitions every year.

You can also run for five executive councils: Charity, Athletics, Music, White Pine and the over arching Student Council.

Parent and Community Engagement

Parents and teachers have positive partnerships at ECI. Our Parent Council is enthusiastic and committed. They have spent the past 2 years leading our "Raise-a-Ruckas" fundraising campaign and have raised almost \$200000 to date. These funds are being used to improve our school in the areas of Arts, Athletics and Leadership! There is a place for parents at ECI!

Imagine a TDSB where all schools share a common core set of characteristics. They are community-driven and focused on teaching and learning. Students and parents have a wide variety of opportunities and there are enough students in every school to increase program choices.

Imagine there is a clear focus on achieving student success and every student is engaged, has a voice, access to a caring adult and the opportunity to develop their full potential.

Here at the TDSB our focus is on student achievement, parent and community engagement and financial stability.
