TDSB Vision for Learning

Our Vision for Learning in the Toronto District School Board is to enable all students to reach high levels of achievement and to ensure each student develops the knowledge, skills and values they need to become responsible members of a democratic society. Every student deserves a great education and student well-being and learning must be at the centre of every decision we make. It is our goal – and responsibility – that every student feels connected and engaged in their learning and has the tools, resources, supports and opportunities they need to thrive

Edgewood P.S. proudly serves a diverse population of about 200 students in Grades Kindergarten to Eight in Scarborough. As part of the Toronto District School Board, we welcome each and every student in our community for who they are, and value their identities, lived experiences, interests, abilities and needs. We understand that all students are capable of success and deserve to feel joy and a sense of belonging in school and their greater community. With this in mind, we strive to provide a caring, nurturing, and safe learning environment for all.

Imagine a TDSB where all schools share a common core set of characteristics. They are community-driven and focused on teaching and learning. Students and parents have a wide variety of opportunities and there are enough students in every school to increase program choices.

Imagine there is a clear focus on achieving student success and every student is engaged, has a voice, access to a caring adult and the opportunity to develop their full potential.

Here at the TDSB our focus is on student achievement, parent and community engagement and financial stability.
